Building for Success

Bergami Center for Science, Technology, and Innovation

Opened fall 2020, the Bergami Center for Science, Technology, and Innovation is a soaring, light-filled, 40,000-square-foot facility that features a maker-space for developing and testing ideas, state-of-the-art science classrooms, communications studios, advanced "smart" classrooms, an atrium/café, and space for exciting, multidisciplinary student and faculty collaboration.

David A. Beckerman Recreation Center

Participate in intramural sports, get personal training, or work out in our state-of-the-art recreation center. This facility includes a weight room and fitness center, exercise studios, jogging track, hardwood activity courts, juice bar, lounge areas, and locker rooms.

Campus Life

In addition to the number of opportunities to engage with your residential community through social and education programming, the University also has over **150+** clubs and organizations. Students at the University of New Haven can get involved on campus right from day one! Intramural RecSports, fraternities and sororities, academic organizations, and cultural organizations are just a few of the activities that enable you to interact with your fellow students outside of the classroom.

About Us

The University of New Haven, founded on the Yale campus in 1920, is a private, coeducational university situated on the coast of southern New England. It's a diverse and vibrant community of more than 9,800 students with campuses across the country and around the world.

Within our colleges and schools, students immerse themselves in a transformative, career-focused education across the liberal arts and sciences, fine arts, business, healthcare and health sciences, engineering, public safety, and public service. More than 100 academic programs are offered, all grounded in a long-standing commitment to collaborative, interdisciplinary, project-based learning.

At the University of New Haven, the experience of learning is both personal and pragmatic, guided by a distinguished faculty who care deeply about individual student success. As leaders in their fields, faculty provide the inspiration and recognition needed for students to fulfill their potential and succeed at whatever they choose to do.
